- Releasing unwanted past, patterns, and the judgemental/shadow/ego side
- Mastering beyond-ordinary health, peace, love, benevolence and fulfilment

Brand New You

LIFE MIRACLE COACHING programs offer assistance with completion of any outstanding unfinished business and clearing of gunky resistance, healing of the heart and mind, and exploration of your life purpose (or the most fulfilling application of your potential). They help you navigate important life changes and challenges with wisdom and courage, and guide you gently yet ambitiously toward identification and fulfillment of your most desired life goals, so you can be, have or do anything you want.

Mastery VIP upgrade helps you to step up into being in this world but not of it, that is, having purified desires and an enlightened perspective on everyday experiences, enjoying a baseline of happiness and causeless joy, being free, pure, emotionally intelligent, unbiased, naturally wise and genuinely loving in a free state of consciousness, and most profoundly, having a personal and practical connection with Source.
